

## Welcome New Students and Families to the Legacy Lightning Marching Band and Color Guard Program

We are so excited to meet you!

You are joining a program with a rich tradition of excellence in music and color guard performances. We are proud of the many State Championships and trophies and accolades we have been awarded for this program. But we are most proud of the kind, helpful, hardworking, and dedicated students that we watch grow through this program. You will be surprised at how your student - the same student who seems incapable of picking up wet towels from the bathroom floor - jumps in quickly to help push a five-octave marimba up a long hill, or helps a fellow trumpeter get their footing right for a particularly tricky marching sequence, or works tirelessly to catch that flag in time with the music.

Through their long practice hours and shared interests, the students in the Band and Color Guard program form a family that cares about and looks out for one another. Regardless of your student's grade or experience level, your student plays a vital role in our program, and is respected for the individual gifts they bring to their section.

Does this sound a little too good to be true? You don't have to take our word for it. Below is what a few current and former students want to share about their experiences.

*"I honestly didn't know if I would even like marching band before I tried it. It seemed like it would be a lot of work, but it turned out I really enjoyed it. All the hard work was definitely worth it. I love being part of these incredible productions." - Freshman, Class of 2025*

*"I joined the program to be part of the community, but I was still really surprised at the number of friends I made quickly. My favorite part of the program is the bus rides and games we play on the way to our competitions." - Sophomore, Class of 2024*

*"The best part of the program was walking out of the tunnel after we won the State Championship. It felt amazing. It was so nice to see all of our hard work paid off!" - Junior, Class of 2023*

*"150 people all working together toward a goal is an amazing experience and so inspiring. The hard work really is worth it. And my advice is to talk to and make friends across different sections and all grade levels." - Junior, Class of 2023*

*"The Marching Band and Color Guard program is a really great way to meet people and be involved in something. On Day 1, I walked into the parking lot, and one of the upperclassmen said, 'Hey - are you new?' and I had friends from that first day through my high school years - and even today." - Alumni, Class of 2020*

The Legacy Lightning Marching Band and Color Guard program provides your student with opportunities to meet new people, make incredible friendships, and hone their skills in their chosen section. It teaches teamwork and dedication, and encourages empathy among their fellow students. You will be amazed at how your student grows this year, and we are excited to share this journey with you.

Welcome to our Family!
